"Graduates Unavailable for Employment" means the graduates, who after graduation, died, became incarcerated, were called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
6. "Graduates Employed in the Field" means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations for which the state requires passing an examination, the period of employment must begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.
7. "Placement Rate employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
8. "Number of Students Taking Exam" is the number of students who completed the program within 150% of the published program length and who took the exam in the reported calendar year for the first time.
9. "Passage Rate" is calculated by dividing the number of students who passed the exam by the number of graduates who took the reported licensing exam.
10. Salary is as reported by the student. Not all graduates report salary. A list of the employers of the Graduates Employed in the Field can be obtained from the Career Services Department at High Desert Medical College.
